

School Bus Turnarounds/Turnouts

Presented By:

Navajo County District II Supervisor: Jesse Thompson

Turnarounds / Turnouts

- Navajo County has always looked at school bus routes as a main priority: safety of the students is most important
- Buses getting stuck in the mud or stopping on main highways is an unacceptable safety issue
- Locations identified by coordinating with school district bus drivers

NDOT and Navajo County road crews used millings to complete three bus turnarounds that will benefit the Dilkon and Holbrook School students
